

Pulse 4000 Features

This self cleaning down draft table, 39" x 78" (1 meter x 2 meters) has push button activated, compressed air cleaning and is especially suited for fine and very fine dust.

The Pulse 4000 has 2 collection drawers, 4 filter cartridges and hard wood slats on the working surface.

The separate motor/blower assembly has a built in silencer for low noise operation. The spun-bonded polyester cartridge filters are conveniently washable and durable. The finish is medium blue, high gloss machinery paint over primer. Other colours are optional.

Capacity	3,500 CFM at 1" S.P.
Motor	3 HP
Filter area	320 ft ²
Filter media	4 cartridges, 22" long, spun-bonded polyester

Pulse 6000 Features

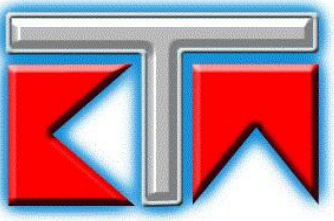

This self cleaning down draft table, 48" x 96" (1.2 meters x 2.4 meters) has all features and functions as the Pulse 4000 but is larger, more powerful and offers more filter area.

The Pulse 6000 has 3 collection drawers, 6 filter cartridges and hard wood slats on the working surface.

The separate motor/blower assembly has a built in silencer for low noise operation. The spun-bonded polyester cartridge filters are conveniently washable and durable. The finish is medium blue, high gloss machinery paint over primer. Other colours are optional.

Capacity	6,000 CFM at 1" S.P.
Motor	5 HP
Filter area	480 ft ²
Filter media	6 cartridges, 22" long, spun-bonded polyester
